

PRODUCT CODE

-EVU 120W-W(WHITE) -EVU 120W-B(BLUE)
-EVU 120W-RGB

AS REQUIRED
INCLUDES RGB SMART
PHONE CONTROLLER

120 WATT / 12,000 LUMEN

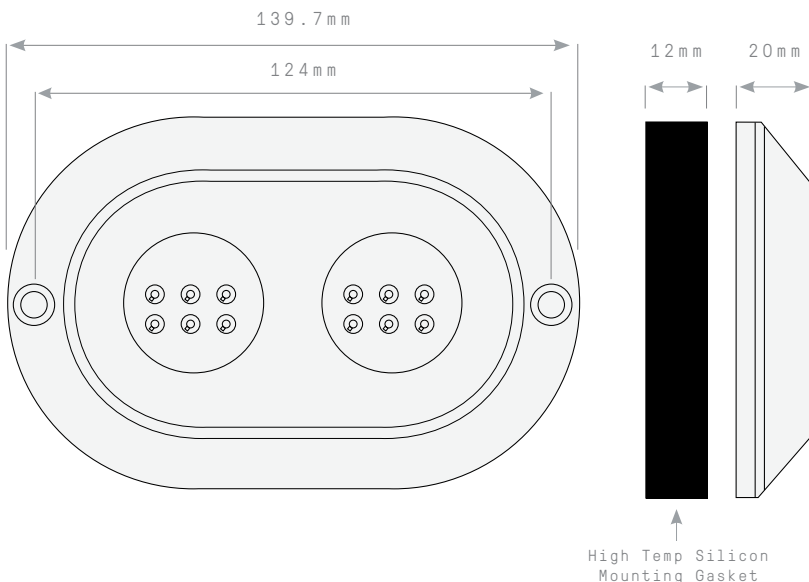

XTREME XU12 AQUA LIGHT

OVERVIEW

Purple Industries' Xtreme Aqua Light, in Colour & RGB colour changing LED under water lights, feature high output LEDs with specifically designed circuitry to operate seamlessly when submersed. The housing is solid 316 marine-grade stainless steel and features powerful array of RGB / LEDs with specifically designed circuitry for strong projection in 'white-light mode and a kaleidoscope of colour options using the RGB mode. It is easily and safely installed on all marine craft as well as jetties

and fixed marine structures. The unique Aqua-Light design is supplied with a plastic mounting plate to prevent galvanic corrosion & only requires a 8mm hull penetration for complete installation, this means there is no need for cutting large holes in the craft's hull. The housing comes with and mounts on a plastic mounting plate to prevent galvanic corrosion , providing safe heat dissipation and ensuring longevity.

DIMENSIONS

DETAILS

- 50,000 Hours Lifespan
- Cree 10W High-Powered LED Chips
- Abrasion Resistant, virtually unbreakable optically clear polycarbonate lens
- 97% efficient for more light with less power and longer life
- Sealed Deutsch Connector with 450mm Cable Length
- Runs on 9-32 V DC
- IP68 Certified
- Durable solid Marine Grade 316L Stainless Steel Housing
- Operating Temp: -40° C to 125° C
- Reverse connection/polarity protection
- Overheating protection
- Electrically protected against RFI/EMC interference
- CE & RoHS Compliant
- Vibration certified
